Benjamin Moore
Iced Cube Silver
2121-50

“Nothing says ‘spring’ more than the preppy combination of blues and pinks in all hues, like navy and fuchsia and Tiffany blue and coral. Classic and timeless, Benjamin Moore Hale Navy HC-154 evokes maritime memories and life at the beach. Try painting an island in an all-white kitchen, bring in some coral peonies, and let the colors pop against a crisp white, such as Benjamin Moore Ice Mist OC-67.”

“This spring, it’s all about bringing light back into your home! Refresh dull walls with Benjamin Moore Pale Oak OC-20. This timeless shade is a staple for walls, millwork and trim. Go from bland and lifeless to contemporary and dimensional by using this color in a living room with a variety of finishes. For a total spring makeover, use Benjamin Moore Iced Cube Silver 2121-50 in neighboring rooms—this color works great beside Pale Oak.”

Pratt & Lambert Paints
2068 Crumpet

Pratt &
Lambert Paints
CL056
Vintage Train Case

“Refreshing and timeless, Pratt & Lambert Paints 2068 Crumpet is the perfect blush color to welcome springtime to your home. This shade can move in so many different directions—it can be used to paint an entire room, a ceiling or a clay pot to hold a bouquet of pansies, sweet peas or peonies. It also works well on an outdoor Adirondack chair paired with a turquoise or teal shade, such as Pratt & Lambert Paints CL056 Vintage Train Case. Crumpet is also the perfect stain color to whitewash furniture for an indoor or outdoor patio or porch.”

“Maybe it’s my Brazilian heritage, but after a long, gray winter, I’m ready to use bright, richly saturated colors. The kitchen is a great place to use strong color accents like Benjamin Moore Galápagos Turquoise 2057-20. Use it to paint the interior of kitchen drawers or the interior of a closet or pantry. If you’re more confident, paint the interior of kitchen cabinets, especially those with glass fronts. To complement this happy, uplifting color, pair Galápagos Turquoise with Benjamin Moore Silver Half Dollar 2121-40.”
