# A MODERN SANCTUARY MASTER BATH

---

“

**ONCE YOU HAVE AN AESTHETIC, AN IDEA,  
THINGS COME TOGETHER EASILY.**

”

Greenwich-based designer Marcia Tucker crafted this stunning getaway by blending elements of nature with luxurious minimalist design. Wood accents and a live greenery wall boldly place the natural world at the forefront of this tranquil space. To that same end, Tucker deliberately curated fixtures with soft, organic shapes: the Veil® sink and intelligent toilet along with the Ceric® freestanding bath boast round and asymmetric curves that feel light and unobstructed. Tucker's use of the new Vibrant® Rose

Gold finish was an inspiring choice that shows why she's a leader in design. This daring bathroom color palette feels effortless. Tucker advises that, "Once you have an aesthetic, an idea, things come together easily." They say imitation is the sincerest form of flattery, so plucking ideas for your next remodel from the work of expert designers is a wonderful way to elevate your own designs. Let this serene master bathroom serve as the inspiration you need to create a warm and inviting oasis of your own.
